Item No. 9131

Rite in the Rain

NEW ALL-WEATHER 100M SNIPER TARGET, MIL

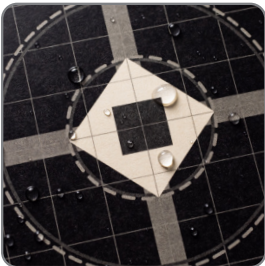

NEW ALL-WEATHER 100M SNIPER TARGET, MILLIRADIAN GRID

ITEM N^o 9131

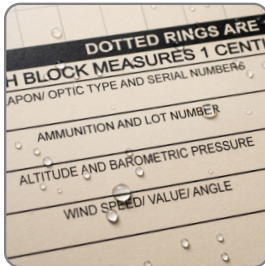

Versatile sniper target facilitates 100-meter zero and effective target practice.

The No. 9131 is a dedicated milliradian-based target for precision shooters. Its 1 cm (1/10 mil at 100 meters) grid is designed for true-distance zeroing. A 1 cm block within the central diamond defines the point of aim when using high-magnification optics. Scaled bullseye and scoring rings represent an MR-1 target presented at 500 meters. 1, 2, and 3 MOA rings check grouping in accordance with published standards. Preformatted fields assist in the calculation of data on previous engagements (DOPE). Durable and weatherproof *Rite in the Rain* cardstock holds up under rain and through abuse to deliver well-defined groups, no matter the conditions.

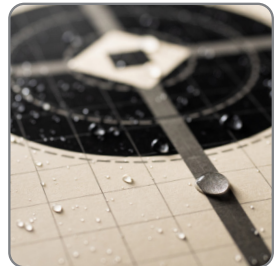

The No. 9131 is available on RiteintheRain.com.
Developed in collaboration with Canebroke Consulting, LLC.

“True-MIL” 1/10-MIL (100M) grid accurate to 1/1000th of an inch.

DOPE collection fields gather essential data on previous engagements.

Rite in the Rain cardstock is tough and weatherproof for poor range conditions.

KEY SPECS

Weight: 2.3 lbs

Length: 11"

Width: 8.5"

Depth: 0.75"

Pack Qty: 100
