

DOUBLEDOWN

Tough work demands tough tools. The American-made Doubledown Folding Machete is the tough tool for jobs across the spectrum. Delivering full function at half the size, the Doubledown stows compactly and easily in a pack, on a belt, or attached to MOLLE webbing. Its patent pending QuadLock System engages in 3 positions ensuring safe operation under varying levels of stress. When splitting is needed, the forward jimping enables efficient batoning. The ergonomic design strengthens users to work harder and longer. With a weight-forward design, each swing delivers additional impact for your effort making chopping a task any user can marshal. A slight recurve in the blade provides a protected edge near the handle for carving and shaving tasks typically accomplished with a knife, accompanies by a handle region designed to choke up and handle the tool as a knife.

FEATURES

- 420HC recurve blade
- QuadLock locking system
- Two handling positions
- Baton jimping
- Stability bar
- Overstrike guard
- MOLLE or belt-carry sheath

SPECS

- Blade length: 6.75"
- Overall length: 15.1"
- Weight: 18 ounces

Item Number 30-001530N
UPC Code 0-13658-15541-1
