

KELTY®

DRIVEN TO MAKE WELL-CRAFTED GEAR SINCE 1952

TACTICAL

KELTY VARIABLE COMPONENT (VARICOM) SLEEP SYSTEM

COMPLETE VARIABLE COMPONENT (VariCom) SLEEP SYSTEM 30° TO -50°F
 SJ050080 Regular / *SJ060093 Long - SPECIAL ORDER ONLY

COMPLETE VARICOM SLEEP SYSTEM INCLUDES:

Delta 30° Sleeping Bag, Gamma 0° Sleeping Bag, VariCom Bivy, Compression Stuff Sack (Small), and Compression Stuff Sack (Large)

- + The VariCom offers a temperature comfort rating from 30°F to -50°F. Included in the system is the Delta bag, made of water resistant nylon ripstop, offering a comfort rating of 30°F, the Gamma bag, designed for colder climates and made of water resistant nylon ripstop, offering a temperature range of 30°F to 0°F, and the VariCom Bivy.
- + Compression Stuff Sacks (SJ050084 & SJ050085) included for easy deployment
- + Climashield® Combat insulation for maximum warmth and comfort
- + Double offset, differential cut construction eliminates cold spots
- + 1.9 oz. Nylon ripstop outer and liner (Delta and Gamma bags)
- + Waterproof, breathable bivy sack for protection from extreme weather conditions
- + Oversized rectangular footbox for use with "Boots On"
- + Secondary closure system for quick exit and egress designed for cold weather use with "Gloves on"
- + Full-length, insulated draft tube prevents heat loss through zipper.
- + System compatibility with hydration tube and data cables
- + Color-coded zipper pulls and drawcords.
- + Optional "No Fly Zone" bug protection for added comfort (see next page)
- + Optional small and large Waterproof Compression Stuff Sacks (see next page)
- + Optional sleeping bag liner for improved temperature regulation (see next page)

The Delta sleeping bag features Enhanced Situational Awareness (ESA) hood, which reduces sound blocking fabric around the ears and gives military operators the edge they need when sleeping in hostile conditions.

Featuring a 15" rectangular footbox, the VariCom's Delta and Gamma sleeping bags provide plenty of room for use with "boots on". The roomy foot box also prevents cold spots at the toe.

The VariCom system comes in compression stuff sacks that meet or exceed military specifications. The complete VariCom system compresses to an even smaller pack size than the standard military system for even better portability.

The Kelty VariCom Sleep System and components are made in the United States of America and fully comply with Berry Amendment requirements.

G2G 4-6 PERSON SQUAD 4/SEASON TENT

Heavy duty , light weight aluminum pole set

BERRY COMPLIANT

The Kelty G2G field tent is the most robust Extreme Cold Weather squad tent to date. It's made to withstand the most brutal elements mother nature can dish out with, industry leading materials that have 15,000 mm of Polyurethane coating; to the strongest poles that can withstand up to 4lbs per sq ft of snow.

With 3 egress points there is plenty of access to both your gear and sleeping area. The Kelty G2G was designed to accommodate up to 6 soldiers and gear without while minimizing the overall footprint to stay low vis.

TENT FEATURES

- + Pole configuration designed for quick set up
- + 3 door configuration for multiple entry and exit points
- + Multiple vestibules for gear storage
- + Fly vents to prevent cold weather condensation
- + 70D nylon ripstop w/ 15,000mm coating (stronger, higher hydrostatic)
- + 70D No See Um Mesh
- + Fly available in MC / OCP / ALPINE / CB + FR CPAI-84 & IR treated
